## As a Seed Evolves

Neelam Dadhwal

Piercing

as a seed evolves, the shoots

draw a lifecycle

tree has trunk eyes and limbs

of my stories

when a storm blows

an emptiness

a season without taste,

sound and odour for my nose

I run down my fingers

in soiree talks of age,

the stem, stoic and

rooted

derooted these concrete

to look at

some lifeless god leaves

and my whole

becomes this sheath of skin.
